

SCHOOL LUNCHES AND SNACKS

LITTLE CHEF has been the food service operator at BISB since 2019. Allow us to briefly introduce ourselves.

While providing meals to other diners using our services, we have to follow the School Act and operating rules established for school dining facilities, so no children or pupils' health are at risk and the dining culture is preserved.

LITTLE CHEF aims to promote a healthy, diverse, and high-quality nutritious diet for your children, with a team of qualified professionals preparing, reviewing and putting together every menu.

A top-flight Slovak chef, Michal Rakica, is responsible for organising work, managing the kitchen staff team and for the quality of all food prepared, in compliance with food service rules. Providing high quality food for pupils and compliance with nutritional values is handled by a nutritionist.

If you are interested in registering your child for morning snacks and/or lunch, please read the general information below carefully. If you have any questions about food services for your children, please do not hesitate to call us: +421 948 321 921 or email at info@littlechef.sk

School Subsidies:

The Slovak Government is providing subsidies to school lunches for selected year groups only – Reception, Year 1 - Year 9 students.

These are at the value of:

1.40 € per day for Reception – aged pupils;

2.10 € per day for pupils in Year 1 - Year 4;

2.30 € per day for pupils in Year 5 - Year 9.

The subsidies will always be deducted from the next invoice, as these are applied only for lunches taken, not ordered, so the reimbursement is done retrospectively. You will be asked to apply for getting them at the beginning of the school year.

Important: Subsidies are applied only for lunches taken (e.g. if a child is absent - this day can not be counted in).
