

Dear Parents,

Welcome to Boarding at Collège du Léman, where our utmost priority lies in ensuring your child's happiness, security, and personal growth during their crucial formative years. I am looking forward to seeing you on the 19th of August as we embark on a new academic year!

We believe in offering just the right blend of support and challenge to help each student discover and develop their unique potential, inspiring them to become their very best selves. As a parent of two daughters, I have personally witnessed the CDL experience, and I am dedicated to delivering an exceptional educational journey for all our students.

At CDL, we want to instil a lifelong passion for learning in our students while equipping them with essential skills for personal, social, and academic success. Our internationally recognised qualifications open doors to university courses that best align with each student's aspirations, ensuring a bright future for your child.

However, our commitment extends far beyond academics. We foster a strong sense of community and belonging, where your child will feel supported, connected, and valued. We provide transformative experiences, and outstanding educational opportunities, and foster the attributes, values, and skills to empower your child to confidently embrace their future.

Our diverse offerings encompass a wide range of activities, including music, art, theatre, sports, adventure, service, leadership, internationalism, and educational trips abroad. With personalised care at the heart of everything we do, we help our students discover new passions and talents, and cultivate their unique strengths while supporting their areas of growth. In this welcoming atmosphere, we enable them to express their emotions, navigate challenges, and maintain a positive mindset alongside a healthy and balanced lifestyle.

In addition to our enriching activities, we are committed to helping our students achieve a healthy balance in their lives. This includes managing screen time in a soft but clear manner, ensuring they remain focused and engaged in their studies and personal interactions. We will be working closely with students to foster habits that support their well-being and academic success.

Cultivating Respect, Focus, and Academic Growth

As a team, we hold ourselves to high standards of excellence, and we have equally high expectations for our students. Within our learning community, we foster a culture of focused work, full commitment, reflective self-conduct, and respect for oneself and others. We understand that each student has unique learning needs and provide a supportive and inclusive environment that caters to every student.

Whether your child is an independent learner showing self-discipline, a collaborative learner benefiting from support, or a structured learner requiring supervision, we tailor our support to ensure they each thrive academically.

Embracing Community and Active Involvement

We encourage our students to embark on a remarkable educational journey with our extraordinary trips abroad. We understand the immense value of experiential learning beyond the confines of a classroom. That's why we offer an extensive range of captivating opportunities in various domains including art, architecture, science, nature, culture, and more. These immersive experiences not only broaden horizons but also foster personal growth and intellectual development. Our students have the chance to explore the world, unlocking the wonders it holds and gaining a profound understanding of different cultures and environments. We encourage every student to carefully consider the diverse array of trips available, ensuring they select the perfect fit to enrich their educational path. Unleash the power of exploration and join us in shaping unforgettable learning experiences that go far beyond the traditional boundaries.

Above all, our students are expected to embody CDL's core values of RISE (Respect, Internationalism, Spirit, and Excellence) throughout their journey with us and beyond.

Thank you for entrusting your child's education to us. We are committed to providing the best educational experience and eagerly look forward to partnering with you on this exciting journey.
